Treats for you to enjoy while you are at home

In these documents you will find 4 weeks of ideas about how you can treat yourself while we are in self-isolation

Week1

1. Get into a good routine

2. Have a warm hot bubble bath. If you have some aromatherapy oils add these and enjoy the aroma

3. Take breakfast to bed and enjoy a book or magazine

4. Read aloud, a favourite poem maybe. If you don't have a book look on the internet for poems

5. Listen to your favourite music
